

<b>Body Part</b>	<b>Minus</b>	<b>Plus</b>
Thyroid	Zinc -1	Lead+12
Thymus	Manganese -2	Iron+11
Lungs & Lymph Nodes	Titanium -3	Aluminum +10
Heart	Potassium -4	Aurum +9
Kidneys	Carbon-5	Nitrogen+8
Pancreas	Selenium-6	Sugar+7
Liver	Oxygen-7	Hydrogen +6
Adrenal Gland	Iodine-8	Calcium+5
Spleen	Copper-9	Phosphorus +4
Gallbladder	Magnesium -10	Mercury+3
Colon	Fluorine-11	Bismuth+2
Skene's/ Prostate	Boron-12	Molybdenum +1

Start your anticancer protocol with Boron-12, then Fluorine -11, then Magnesium-10, then Copper-9, then Iodine-8, then Oxygen-7, then Selenium-6, then Carbon-5, then Potassium-4, then Titanium-3, then Manganese-2, & last Zinc-1...

## Important Elements:

B17 pill dosage...conversion if you are eating apricot seeds...

20 mg B17 per seed of apricot...

2 apricot seed/10 lbs of body weight...

ie:150 lbs=30 apricot seeds

or=30 apricot seeds x 20 mg =600 mg.

B17 (Laetrile)

B17 is an OXYGEN that removes Hydrogen from the Liver & Cerebellum...

Note:[FightingTogether.org](http://FightingTogether.org) sells excellent supplements for anticancer approaches...

Join **DIY Cancer Repair Manual** Facebook group to fellowship...

Learn how to do your own diagnostic imaging there...\*\*

...or here <http://grovecanada.ca/diy-diagnostic-imaging/>

\*\* (All you need is a photo, a computer or smartphone, an internet connection, & some brains...)

What follows are some tips for understanding your Imaging results & what to do about them...

See the vast Key Lime Mercury green?

Fotoflexer edit showing 5 colours...

See Pale Purple colour in Lunapic editor?

## Tips:

If you see BLUE Lead in Fotoflexer,  
assume Nitrogen excess is present...  
(remove with Zinc & Carbon)

If you see Yellow Calcium in Fotoflexer,  
assume Molybdenum excess...(remove  
with Iodine & Boron)

If you see Key Lime green Mercury in  
Lunapic, assume  
Sugar is in excess as well...(remove with  
Magnesium & Selenium)

Lead & Nitrogen

Zinc & Carbon

Calcium & Molybdenum

Iodine & Boron

Sugar & Mercury

Selenium & Magnesium

Common Correlations

How to remove them...

Brain parts connect to body parts...

Joseph & Sari Grove are artists...

In the Medical Arts...

Friday, February 10th, 2017

Note from Sari: "If you are stuck, doing everything "right" & still are having problems, then it is time for black salve!

Why? because that thing is hiding up at the surface where internal medicines cannot reach it...

Get it fast by applying between 2 millimetres(toothpick tip) & 20 millimetres (dime size) of black salve...

\*\*\*weakest to strongest:Two Feathers black salve, Zenith herbals black salve, Best on Earth black salve, Amazon (cansema) black salve, Amazon deep tissue salve..."

Drugs you can take if the herbals aren't enough...

Mebendazole (Vermox) O, Zn, K

Pyrantel Pamoate(Combantrin or Reese's Pinworm medication) Zn, O

Albenza(Albendazole) K, O, Zn

K is Potassium

O is Oxygen

Zn is Zinc

These are "families" from the Periodic Table of elements...

Each one is a building block for things in the real world...

There are 12 body parts on the Grove  
Body Part Chart...

There are 12 corresponding Brain parts...

Each part has a MINUS element & a Plus  
element...

The MINUS elements CLEAN...

The Plus elements REPAIR...

Figure out which body parts you need to  
clean & which ones you need to repair...

Then choose the elements for your unique  
prescription...

By the way:

Skene's gland is the female prostate gland...

Aurum is like B12 or norepinephrine...

Phosphorus is a cancer marker (purple in Lunapic)...

Key Lime green in Lunapic can indicate Lyme disease...

Later stage cancers will progress to Key Lime green Mercury from Purple Phosphorus in Lunapic...

Later stage cancers look very much like Lyme disease in imaging...

Cancer is a worm...A parasite...

As the worm grows, it eats the Plus elements...

Minus elements in quantity can kill this worm called cancer...

If the worm called cancer shows up as Purple Phosphorus in Lunapic editor, then it starts to eat & grow, it will consume all the Phosphorus, & grow & then it will start eating Mercury(the key lime green colour in Lunapic) in your body...

What the worm eats is how we see it in imaging...If this cancer worm is really big it will have eaten every Plus element on the chart, starting from Lead+12(red meat), & ending at the bottom of the chart with Molybdenum+1 (beans)...

So you have to make sure, if that is the case, to thoroughly clean each body part systematically, starting from the **BOTTOM** of the chart (Boron-12), & working your way up the body(up the chart) to (Zinc-1)...

You start from the bottom because if you start from the top, you can get obstructions...

Minus elements will clean the body part it is in, & then they will flow backwards **UP** the chart to clean previous body parts(or brain parts)...

Plus elements, when you eat them, iron (chicken for example, or Kale & spinach), feed & repair the body(or brain part)they are in, & then they flow **DOWNWARDS** to feed all the body parts **BELOW**...

If you are trying to clean your Spleen, then

ingesting CBD oil (a Titanium element),  
will NOT do that...

Titaniums will clean the Lungs & Lymph  
Nodes(breasts & armpits too), then they  
will clean the Thymus gland(the blood), &  
then they will clean the Thyroid gland  
(bones) above it...

Water is a Hydrogen so be very careful  
with water as it is a Plus element...

If you know where in the brain or body the  
thing is, then you know how to kill it...

You can call Sari at 416-924-9725 in  
Toronto if you need some help over the  
phone...

You can Friend Sari Grove on Facebook if  
you want to private message a picture to  
edit...

You can email [grove@sent.com](mailto:grove@sent.com)

Please try to do things yourself, read yourself, edit yourself, if you can...

My goal is to teach you how to fish, not to give you a fish...

Joseph Grove works with Sari, but any pictures sent are not shared unless explicit permissions are given...

Those who are willing to let others see their edited pictures & participate in research articles vis a vis relevant anticancer information are much appreciated by all...

Feel free to post your results in the DIY Cancer repair Manual group or on your blog or print & share with your doctors...

A picture speaks a thousand words...(& apparently so do I!)

"God Bless"...(we were married almost 21 years ago by a lady Justice of the Peace, & 2 Salvation Army ministers (male female) at City Hall...'God Bless' used to be the Salvation Army motto...Now it is "Giving Hope today")
